- Barn Doors
- PVC-Laminated MDF & WPC Doors

ISO 9001 | CE Marking | Waterproof | Anti-Termite | Eco-Friendly | Customizable

ISO 9001 CE Marking Waterproof Anti-Termite Eco-Friendly Customizable

Founded in July 2006, LVHUAN is located at No. 235, Huayuan Gang Village, Qinghu Town, Jiangshan City, Zhejiang Province, China. For nearly two decades we have specialized exclusively in interior wooden doors, with a range that includes melamine doors, painted doors, barn doors and assembled doors. Our deep manufacturing expertise and customer-focused approach allow us to deliver tailored, high-quality solutions for the changing needs of buyers worldwide.

Our 35-mu (approx. 23,333 m^2) production site has five buildings with a total floor area of 27,833.37 m^2. Equipped with modern machinery and advanced production technology, we follow strict 4S production standards, and our products carry the EU CE marking, meeting international quality benchmarks. This enables rigorous quality control and consistently reliable, premium products.

Awards & Recognition

Our commitment to excellence has earned us a number of industry honors:

- Leading Forestry Enterprise of Zhejiang Province and of Jiangshan City – recognizing our outstanding contribution to the local forestry industry.
- Zhejiang Province "Contract-Abiding and Trustworthy" Enterprise – reflecting our ethical business practices and unwavering focus on customer satisfaction.
- Quzhou Inspection-Exempt Enterprise (2011–2014) – confirming the superior quality of our products.
- Zhejiang Province Science and Technology-Based SME (2024) – a highly selective honor awarded to only 400 enterprises province-wide, following our successful transition from a small to a medium-sized enterprise in 2023.

This transition has significantly strengthened our production capacity, operational efficiency and global market reach, establishing us as a trusted partner for international buyers of interior wooden doors.

Real materials you can see, real care in every door.

Made from eco-friendly materials with a solid core, our doors are sturdy and warp-resistant – built to keep your family safe.

Eco-Friendly Film: Near-Zero VOCs

We're even pickier than you are. We choose eco-friendly decorative films with no added paint, cutting VOCs at the source to create a healthier home for you and your family.

- VOCs (volatile organic compounds) can be harmful to human health.
